TERMS OF U. S. RECOGNITION

A wire from Carrancista consul Juan.
T. Burns, at Gaiveston, reports the probability that United States special agent Jone E. Sullimon is to be made consul general at Mexico City. Satisfaction is expressed at the news and also over the tact that no binding conditions have been demanded of the recognized government in Mexico which would restrict its reform program.

The wire in Infl. received by local countl Andrew G. Garcia, is as follows, under date of Saturday morning.

The fact that no conditions of any kind are attached to the formal recognition of the Constitutionalist government by the powers is a source of great satisfaction here. The foreign press was instant that certain coronous conditions be imposed and there was great pleasure to learn that northing of the kind had been attempted and the government was left unhampered to carry out its reform program.
